

Cape Cod

Finished Wood Siding

**THE BEAUTY, WARMTH AND
TRADITION OF REAL WOOD.**

Cape Cod
Finished Wood Siding

The natural choice.

We are one of North America's only specialists in pre-finished natural wood sidings, trims and colour-matched accessories – all manufactured under one roof in a completely controlled environment. Because we craft our siding from raw wood through to finished product, we're able to ensure superior quality every step of the way. When you choose Cape Cod, you're choosing the finest exterior wood products on the market.

Wood siding engineered by nature.

Give your home the first impression it deserves with natural wood siding. Strong, durable and customizable, nothing makes your home look more welcoming and comfortable.

Enjoy the warmth and character of Western Canadian lumber and the durability of our factory applied, low maintenance finish. We carefully kiln dry the wood twice, then apply a uniform 100% acrylic coating that offers maximum protection and adhesion not attainable with field applied paint. Available in any colour, our factory applied two-coat process is backed by a 15 year (solid colours) limited warranty against peeling, chalking and blistering.

Cape Cod
Finished Wood Siding

Endless colours.

From traditional favourites to current trends, any colour is possible. All you need to do is choose.

Our trend experts have selected a wide range of standard colours, but if you have something specific in mind, let us know. Our colour laboratory is fitted with leading technology for capturing your colour and ensuring it can be reproduced correctly every time. Just bring us the colour that will bring your home to life. We'll send you an actual siding or shingle sample painted the colour of your choice, so you can see exactly how it will look on your home.

Your home is your canvas.

From traditional horizontal rabbeted bevel, to vertical board and batten or sleek modern Euro channel, we offer a wide range of siding options to complement your home's design and your personal taste. Trims and accessories will add beautiful architectural detail to your home.

Cape Cod Finished Wood Siding **SHINGLES**

Natural, beautiful and proven, our Eastern white cedar shingles enhance the look of your home and make a statement when combined with our natural wood siding.

Rebutted & Resquared Shingles

These shingles are distinguished by their perfectly straight butt, which enhances their beauty and makes them easy to install, saving both time and money.

Kiln-Dried Shingles

These shingles provide superior stability. When selected for the kiln, each shingle is specially prepared to ensure uniform dryness. For optimal protection, all our painted kiln-dried shingles are boxed.

Weathering Stained Shingles

Our weathering stained shingles come ready to install. We individually dip them in PPG/ Olympic's Weathering Stain for maximum protection. The stain accelerates the wood's natural weathering process while ensuring an attractive, uniform, low maintenance finish that provides improved wood stability and resistance to cracking, blistering and peeling.

**No warranty on weathering stain products.*

Factory Stained Shingles

Our factory stained shingles offer the best of both worlds – the natural beauty of real wood and the durability of a prestained product. Available in an unlimited range of solid colours.

QUICK SOFFIT

SEMI TRANSPARENT STAIN

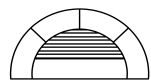

QUICK CORNER

Finishing Touches

Quicksoffit

Complete the look of your home with our Quick Soffits. Made from the same Western Canadian lumber as our siding, they come in four options and include improved screened vents. Quick Soffits eliminate the hassle of having to build your own soffits, are prefinished and colour matched to your home's siding, and include the same warranty as our other products.

GABLE Vent

Our gable vents are designed to match the look of your siding. They are available in various profiles to complement your home's architecture, are pressure treated to enhance durability, and dual screened for rodent and insect protection. Our gable vents eliminate the need to build your own, are prefinished and colour matched to your home's siding, and include the same warranty as our other products.

GABLE VENTS

SEMI Transparent

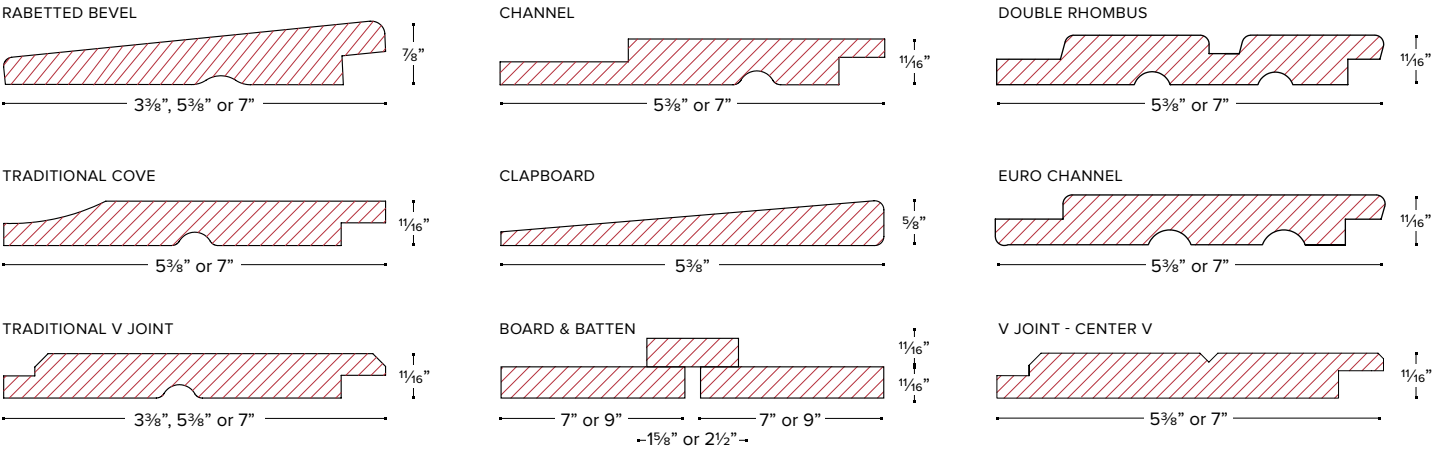

If maintaining the natural look of your wood siding is paramount, consider semi transparent stain. It provides a high-level protection not found in traditional semi coatings and is available in 10 gorgeous shades: Hickory Smoke, Island Sand, CC Redwood, New Forest, CC Cedar, Annapolis, Chalet Bruin, Bedford Brown, Highland Grey and Brown Otter.

Quickcorner

Our Quick Corner system gives you a clean, easy and beautiful solution for finishing your home's siding. It saves you installation time and is available in two widths and three different lengths. Choose to have your Quick Corner system colour matched to your siding, or select a complementary colour. Includes the same warranty as our other products.
